

RA Fahim

Web Developer & Creator

rabbiahmedfahim44@gmail.com | 01576964319 | Bangladesh
rafahimn.sites.bd | github.com/rafahimn

PROFILE

I build modern websites, web applications, SaaS products, e-commerce platforms and practical digital products - from polished interfaces to database-backed systems.

CAPABILITIES

Frontend - Next.js, React, TypeScript, Tailwind CSS

Backend - Supabase, Node.js, APIs, authentication

Product - SaaS, e-commerce, dashboards, CMS, SEO

CURRENT FOCUS

Turning product ideas into clean, responsive and maintainable experiences with practical full-stack workflows.

Experience: 1 Year

SELECTED WORK

Projects that show the range.

SITES.BD

SaaS / Web Platform | 01

A practical platform for domains, hosting, DNS, email, services, billing and account workflows, with authentication and database-backed dashboards.

[Next.js](#) | [React](#) | [TypeScript](#) | [Supabase](#) | [deSEC DNS](#)

Elite Global

E-commerce | 02

A modern lifestyle store experience covering product discovery, cart, wishlist, checkout, order tracking, reviews, coupons, shipping and admin operations.

[Next.js](#) | [React](#) | [TypeScript](#) | [Supabase](#) | [Zustand](#)

TECH STACK

Core tools

Next.js	React	TypeScript	Tailwind CSS	Supabase
Framer Motion	Zustand	Node.js	REST APIs	SEO

FOCUS AREAS

Web Development • SaaS • E-commerce • Dashboards & CMS • API Integrations • SEO
